

MAIN LINE FERTILITY IVF PATIENT CHECKLIST

All items on this checklist must be completed prior to starting an IVF cycle

A digital copy of this checklist is also available at mainlinefertility.com/starting-ivf

Clinical and Legal

- Contact the IVF concierge team at 484.380.4900** to schedule and complete:
 - e-learning videos
 - IVF orientation
 - carrier screening
 - consents (must be e-signed within one year of cycle start)
 - applicable required testing (must occur within one year of cycle start):
 - hysteroscopy (call 610.527.0800 to schedule)
 - screening labs (blood and urine) for all involved parties
 - semen analysis (call 484.380.4863 to schedule)
- Have any required clearances faxed to 484.380.4866.** Clearances must state, "Patient is cleared to undergo an IVF surgical procedure with anesthesia and attempt pregnancy".
- If your treatment plan includes the use of pre-implantation genetic testing/diagnosis (PGT/PGD)** ensure you have completed the MLF embryo biopsy consents via your online portal. If you have specific questions, please reach out to the embryology department at 484.380.5200 or embryology@mainlinefertility.com.
- If your treatment plan includes the use of anonymous donor sperm,** the specimen should be ordered and received from the sperm bank before the start of your cycle. Contact our donor sperm coordinator at 484.222.4567 for assistance in fulfilling all related requirements.
- If your treatment plan includes the use of a known sperm donor, an anonymous or known egg donor, an anonymous or known embryo donor, and/or a gestational carrier,** contact our third-party department at 484.222.4567 for assistance in fulfilling all related requirements.
- If you are interested in participating in an IVF clinical trial,** contact our research department at trials@mainlinefertility.com or 484.380.4861. Qualified patients may receive discounted treatment and/or medications.
- Confirm with your provider** if your treatment plan includes additional vitamins and/or supplements.

Insurance and Affording Care

- Contact your insurance company** to discuss your fertility health benefits. To ensure a thorough and productive interaction with your insurance company, we included a helpful guide entitled 'IVF Treatment Coverage' in your IVF booklet.
- Explore financial resources** that may assist in affording care. mainlinefertility.com/patient-resources/financial-information/affording-care
- Contact the MLF financial coordinator at 484.380.4883** to discuss investment and payment.

Prescription Drug Coverage

- Contact your insurance company** to discuss your prescription drug coverage and obtain the information needed to complete the medication questionnaire sent through the EngagedMD portal.
- Submit your medication questionnaire** to the care team electronically. Please call 484.380.4890 to speak with a nurse about ordering your medications.
